

Antony Joshi

“

Berlin, Germany — +49 17625823312 — antonyjoshi2006@gmail.com “

Profile

First-year Bachelor of Science in Computer Science student with a strong interest in software development and web technologies. Currently developing skills in Python, SQL, HTML, and web development. I am eager to gain practical experience through internships and projects while building a strong foundation in computer science.

Skills

Programming

- Python
- SQL
- Web development
- HTML

Languages

- Malayalam (Native)
- English (Fluent)
- German (A1)

Interests

- Software Engineering
- Web Development
- Databases
- Problem Solving

Education

GISMA University of Applied Sciences

Bachelor of Science in Computer Science

Expected Graduation: 2028

Current Semester: 1st Semester

Experience

Student Internship

2025

Academic Training

Meladoor, Kerala

Keywords: Python, Excel, Problem Solving

- Developed problem-solving skills through coding exercises and activities.
- Enhanced analytical and logical thinking abilities through practical assignments.
- Improved data organization and spreadsheet management skills using Excel.

Academic Focus

- Programming Fundamentals
- Computer Science Concepts
- Web Development Basics
- Database Fundamentals

Additional Information

Right now i am pursuing practical knowledge in programming and software development through academic coursework and independent learning.
